

## Energy efficient and powerful for basements and laundry.

Wood's ED50F is a robust, reliable, and very powerful dehumidifier that extracts a lot of water per consumed kWh. The ED50F is a multiple test winner and is a great choice for large basements, laundry and other large areas. The ED50F is the best choice if you want quick, reliable and energy efficient dehumidification.

### Wood's ED50F

Wood's ED50F is easy to install and operate, and will quickly lower the ambient humidity and remove mildew and moisture. The ED50F has a spacious water bucket, and you can also easily attach a water hose for direct drainage of the water. This way, you don't have to empty the water bucket. Wood's ED50F will run only when needed, and automatically shut off and restart depending on the ambient humidity. This is the most energy saving and efficient way to remove excess moisture and bad odour. The ED50F is the best choice for laundry, large basements or other similar areas.
